CAREER OBJECTIVE

As a Frontend Developer with expertise in building efficient, innovative and user-driven applications I am eager to begin my professional journey in a dynamic and challenging environment. I am looking forward to join a company that provides an opportunity to gain hands-on experience and contribute to impactful projects.

EDUCATION

- Bachelors of Computer Applications @ KLE Technological University. 2022-2025
- Pre-University Course @ Samnang Pu College Gadag, (Commerce) 2020-2022
- SSLC, @ Loyola Convent School 2020

PROJECTS

Title: Car Rental Platform

Developed a user-friendly **Car Rental Platform** that enables users to seamlessly browse vehicles, book rentals, and manage bookings with real-time availability and secure payment integration. Designed and built the frontend for a responsive and intuitive user experience, and implemented backend functionalities such as booking logic and API integration using MongoDB for data storage and management.

Title: Prime Pass

Built a full-stack web application that transforms traditional movie ticket booking into an engaging, gamified experience. Integrated features such as points-based rewards, badge unlocking, and a dynamic, interactive UI to boost user retention and satisfaction. Designed a responsive frontend with React and Tailwind, and developed robust backend services using Node.js and MongoDB to handle bookings, user accounts, and gamification logic.

INTERNSHIP

Palindrome Labs — Full Stack Development

January 2025 – May 2025

Developed a module for the Hostel and Mess Management System, handling both frontend (React.js) and backend (Node.js, Express.js, MongoDB) to automate room allocation, mess subscription, fee payment processing, and complaint management. The system ensures real-time tracking, secure transactions, and role-based access control, streamlining hostel operations for students, wardens, and administrators.

SKILLS

- **Frontend Technologies:** HTML5, CSS3, JavaScript, React.js, Next.js, Tailwind CSS, Framer Motion.
- **Backend Technologies:** Node.js, Express.js, MongoDB, RESTful APIs
- **Tools :** Postman, Docker, Github.
- **Social Media Marketing:** Instagram .
- **Designing:** Figma, Canva.
- **Soft Skills :** Leadership, Communication, Time Management , Innovative .

CERTIFICATES

- [React.js](#) Developer from OneRoadmap.
- Frontend Development Certification from OneRoadmap.

DECLARATION

I hereby declare that all the above-mentioned information is true to the best of my knowledge.
